

## 2020-2021

Name of the Department/Society: **National Service Scheme**

Name of the Event 16: Webinar On Waste Management

Date of the Event: 17<sup>th</sup> October, 2020

Solid wastes are the discarded leftovers of our advanced consumer society. This growing mountain of garbage and trash represents not only an attitude of indifference towards our valuable natural resources, but also a serious economic and public health problem. In this regard NSS Hansraj conducted a webinar on "How Waste Management is related to Social Entrepreneurship". It started with our esteemed speaker Ms. Nupur, founder of Evolve Foundation sharing her experience on various projects initiated by her. She shared the importance of waste management and the major problems related to it. Then, a question answer session began where volunteers actively asked her various questions related to problems regarding waste management. The session was invigorating and was brimming with enthusiasm of our speaker as well as our audience who took great interest in the subject. It ended on a successful note with our volunteers gaining extensive knowledge about the ways to make a difference in our society.
