'Binu satsang vivek na hoi'

To listen to her about Sri Krishna's life ,his deeds,the disasters that he faced in life, and his beautiful response to the devastating times was enigmatic. 'By not being reactive, being patient and assessing the coordinates of time and place with a calm mind,one can make decisions and choics that will make dwelling through this bhavsagar easy.'- we will strive to inculcate this facet of Sri Krishna's personality.

We are also indebted to her regarding the clarification and explanations of queries related to Shrimad BhagwadGeeta that erupted while question -answer phase. We often read it on personal basis,but live discourses are rare in the busy college days. We thank her for clarifying them as per our understanding level.This discussion will help us in bringing harmony between microcosm and macrocosm that we are part of.

Sanskrit literature is treasure house of the knowledge of the fertile soil of this Bharatiya upmahadweep. We are lucky to get elders like her who explored it and are passing down to us. We hope that the path she has chosen as part of her life will inspire many of us. Many of us will try to learn Sanskrit and delve deep into those literary works, and bring more gems into public forums.
