

2020-2021

Name of the Department/Society: **National Service Scheme**

Name of the Event 47: Let's Be Aware

Date of the Event: 08<sup>th</sup> May, 2021

On World Thalassaemia day, we at NSS Hansraj in collaboration with BloodConnect, organised an awareness session "Let's Be Aware" to discuss about Thalassaemia and how blood donation plays a key role in fighting against it. The session was conducted by the esteemed speaker, Ms. Pooja Misty. The attendees were made aware about the disease, its types, symptoms, treatment and cure. Various related facts and statistics were also presented to emphasize the severity of the disease. The speaker also encouraged the participants to donate blood in order to tackle this disease and to go for a regular health checkup, which is must for its diagnosis. Finally, the session came to end with a vote of thanks to the speaker and the audience. It was an enlightening session where people acquired knowledge about this lethal disease and were motivated to donate blood more often.
