Event Description

On 21st September, 2024, the Social Innovation department of Enactus, Hansraj College, conducted a children's drive at Bharat Seva Kendra, a center dedicated to educating children and providing vocational training to women. The visit focused on educating children between the ages of 7 and 16 about the importance of health, hygiene, and nutrition.

The session began with an interactive discussion where the Enactus team introduced the concepts of personal hygiene, such as regular handwashing, bathing, and maintaining cleanliness. Public hygiene practices like keeping surroundings clean and the significance of a healthy diet were also emphasized. The children participated enthusiastically, sharing their thoughts and asking questions, creating an engaging learning environment.

To reinforce the lessons, a fun activity was organized where the children were asked to design their own "Hygiene Hero" on drawing sheets. The children used crayons and drawing materials provided by the team, showcasing their creativity while reinforcing the hygiene concepts they had learned.

The event concluded with the distribution of crayons, drawing sheets, juice, and biscuits to the children, bringing smiles to their faces and fostering a sense of camaraderie. The drive was a success, making a lasting impact on the children's understanding of health and hygiene, while also promoting community engagement. The dedication of the Enactus team and the support of Bharat Seva Kendra made the initiative both enjoyable and educational for all involved.
