2018-2019

Name of the Department/Society: National Service Scheme
Name of the Event 30: Computer Literacy Programme
Date of the Event: 13th January, 2019

NSS Hansraj carried forward with the Computer Literacy Programme on 13th January 2019. With the increasing importance of computers in our daily lives, NSS volunteers joined hands to teach the students of slum areas about computers. The course has been planned to start with basics like different computer parts, interface, and switching on and off, and then moving on to navigation, typing, internet browsing and applications like Microsoft Word. The programme is planned to be carried on alternate Sundays and this session was a great success. We would like to thank our volunteers for their indispensable support!
