Name of the Event 1: Van Mahotsav

Date of the Event: 1st July to 7th July, 2021

Van Mahotsav, also known as forest festival is an annual tree planting festival celebrated in the first week of July to disseminate awareness about the significance of forest conservation. In the wake of growing malpractices against the environment, NSS Hansraj observed the said occasion for a week from 1st July to 7th July, 2021 to celebrate the undeniable importance of trees. Worried about the upswing trend of deforestation, the zealous volunteers at NSS Hansraj planted tree saplings at their homes and nearby areas, thereby abiding by their moral duty towards environmental protection and its development. They captured the moments while planting saplings which were shared on our social media handles with the only motive to encourage others to plant trees and join hands in doing their bit towards maintaining ecological balance on earth.
