Description of the event

A good discussion increases the dimensions of everyone who takes part” – Margaret Mead With these words NISHTHA(The Civil Services Society of Hansraj College) introduced the new segment ‘MANTHAN’ – A group discussion series that happens every week of a month. Manthan is a group discussion based on the NCERTS, covering the UPSC-CSE topics. Through these discussions, we not only deepen our thoughts but also hone our mental tools. Second group discussion was on the topic-FEDERALISM AND CENTRE STATE RELATIONS which was held on 29th April . Enthusiastic members of NISHTHA SOCIETY participated in this group discussion who wanted to express their views on the given topic. Participants explored the concept of federalism and its significance in a diverse country like India, where power is divided between the central and state governments. Various challenges were identified , such as overlapping jurisdictions, fiscal imbalances, political tensions, and issues related to cooperative federalism. Despite challenges , participants recognized opportunities for collaboration and synergy between the centre and states to address common issues and promote balanced development. In the end , the group discussion highlighted the complexities and nuances of federalism and centre-state relations in India. This group discussion is monitored by the core members Ashwamegh singh, Rahul and Chandrashekhar. And they also ensure that the group discussion reaches a productive conclusion. At the end of the group discussion , suggestions are sought from all the participants which enhance the thought process of the participants.
