Drug addiction has become a worldwide problem, especially in teenagers. Many young people fall prey to drugs. The life of these people becomes spoiled in all aspects, be it their social lives or their health. To shed light on this problem, N.S.S. Hansraj organised a session on Drug addiction. The event was graced by speakers from the Naya Savera Organization. The speakers shared their personal experiences and struggles they faced when they themselves were fighting to overcome drug addiction. They also discussed various problems related to substance abuse and possible solutions. The session turned out to be highly informative and an overall success.
