NAAC ACCREDITED 'A++' GRADE COLLEGE

2023-2024

Name of the Department/Society: The Entrepreneurship Cell

Name of the Event: Mirthful Mayhem

Date of the Event: 04th September 2023

Description of the event:

We are thrilled to report the successful execution of the event "Mirthful Mayhem," a unique and engaging simulation game consisting of two rounds. The event aimed to test the participants' strategic skills and decision-making abilities while offering an exciting experience. The event was conducted flawlessly, providing an excellent platform for participants to showcase their talents.

In the first round, known as the "Auction Round," participating teams were tasked with acquiring checkpoints in both Gotham City and Mirthful Sanctuary. This round served as the foundation for the entire event, as teams strategically competed to secure these vital locations. The competitive spirit was palpable as teams vied for control over checkpoints, setting the stage for the challenges to come.

The second round, known as the "Trading Round," added a layer of complexity to the game. Participants had to rent checkpoints they hadn't acquired in the first round to complete their assigned routes. Each team was provided with a specific route that passed through checkpoints, connecting their path. Success in this round hinged on participants' ability to optimize their routes, maximize their corpus, and navigate the intricate web of trading and strategy.

The winning criteria was: Teams had to maximize their corpus by strategically completing their routes. The top three teams with the highest corpus would earn direct entry to the personal interview round of the recruitment process.
