On 30th March 2021, NSS Hansraj conducted an engaging session as a part of Delhi University's Vidya Vistar Scheme. Vidya Vistar Scheme was launched to collaborate with other universities so as to enhance their academic facilities and also to set up libraries in their campuses. By academic cooperation and collaboration, more such facilities will be built in partnership with these universities. In the recent session, members of NSS Hansraj explained the objectives and functioning of NSS to passionate students and faculty members of three different colleges from various states in India who wanted to set up a unit of NSS in their respective colleges. Our team shared first-hand experience and guided them through the entire process. We helped them to understand how to initiate and do the social service work, thus helping a lot many underprivileged people consequently. We are delighted to contribute in this noble initiative which is a step forward in the legacy of NSS.
