NAAC ACCREDITED 'A++' GRADE COLLEGE

2023-2024

Name of the Department/Society: Transposon – The Life Sciences Society

Name of the Event: Inaugural function of life science society

Date of the Event: 30th October, 2023

LIFE SCIENCES SOCIETY

HANSRAJ COLLEGE, UNIVERSITY OF DELHI

Cordially invites you to the

INAUGURAL LECTURE

SHRI SHANTI NARAYAN SEMINAR ROOM

MONDAY ● October 30, 2023 ● 2:00 PM onwards

Dr. Pratibha Pant Co-Convenor Life Sciences Society	Dr. Ridhi Khurana Convenor Life Sciences Society	Prof. Vijay Rani Rajpal Teacher-In-Charge Department of Botany	Prof. (Dr). Rama Principal Hansraj College
---	--	--	--

Objective: The inaugural event included a talk by Prof. B. K. Thelma to highlight the advancements in the field of genetics outside the purview of their course curriculum. The session was aimed towards highlighting the contributions of Indian researchers to the world of science, the need to continue such research and learn ways to bring these advances in basic science research to the masses.

Number of Participants: 56

NAAC ACCREDITED 'A++' GRADE COLLEGE

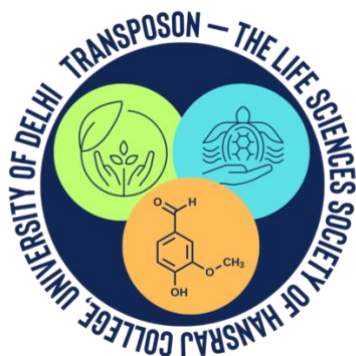

Transposon, the Life Sciences Society of Hansraj College has at its core of spreading and sharing knowledge of biological sciences. The society was created to explore the interdisciplinary aspects of life sciences and how they shape up our environment.

Our 2023-24 session began with our inaugural function on October 30, 2023 with an inaugural talk by Prof. B.K. Thelma from Department of Genetic, University of Delhi, South Campus, New Delhi, India. Before the talk, the Life Science Society announced its student council and thereafter revealed its new name, "TRANSPOSON: The Life Sciences Society", unveiled its new logo symbolizing the amalgamation of the three departments that guide the life science students during their term at the Hansraj College – Botany, Zoology, and Chemistry. The society also launched its annual magazine, "De-SciPher" during this session.

The launch was followed by Prof. Thelma's talk where she enthralled the audience with her talk on "Genetics 2.0 – Fundamentals, Breakthroughs, Clinical Relevance and Unseen Future". She highlighted the importance of genetics-based research and its relevance in disease diagnostics and treatment. This was followed by an intensive student discussion on various aspects of genetics, heredity and disease diagnosis and treatment of complex inherited conditions.
