Description of the event

The SC/ST Cell at Hansraj College organized a one-day seminar focused on Scholarship Policies in Higher Education under NEP-2020. The objective of this seminar was to illuminate various facets of scholarship policies, including their eligibility criteria, application procedures, and their impact on educational accessibility and opportunities. In India where financial constraints often impede individuals from pursuing higher studies, scholarships play a pivotal role in leveling the playing field. They provide opportunities for students from diverse socio-economic backgrounds, ensuring that talent and potential are not hindered by financial limitations. Up until now, our cell did not have its own logo. The logo of an organization serves as a visual representation of its identity and values. Launching of SC/ST cell was done successfully by the Chief guest. Discussion on Scholarship Policies in Higher Education under NEP-2020 was of immense significance due to the widespread lack of awareness regarding the benefits these policies offer. We were privileged to have renowned speakers: Prof. Geeta Sahare, Joint Proctor at DU, and Dr. Pravesh Chaudhary, Assistant Professor at JNU, Delhi. They delivered lectures on this crucial topic, sharing their valuable insights and expertise. The seminar was conducted successfully with the active participation of both teachers and students, further enriching the discourse on scholarship policies in higher education.
