## **Event Description (About 250 Words)**

On May 12<sup>th</sup> 2024, Vision, the Media and Publications Society of Hansraj College, organized an engaging webinar titled "AI & Crisis Management." The session featured distinguished speakers, including Saibal Samaddar, Tanushree Halder, and Supriya Pandey, all experts in artificial intelligence (AI) transformation. Held on Google Meet, the event commenced punctually at 4:00 PM on a Sunday, attracting a diverse audience eager to understand the growing role of AI in today's world.

The central theme of the webinar focused on the intersection of AI and crisis management. The speakers delved into how AI is revolutionizing the way organizations and governments respond to crises. They discussed various aspects, from data analysis to predictive modeling, that can assist in managing emergencies such as natural disasters, pandemics, and economic downturns. The role of AI in offering real-time solutions, automating complex tasks, and providing critical insights during uncertain situations was thoroughly explored.

Additionally, the webinar highlighted case studies where AI has been instrumental in crisis resolution. The speakers emphasized the importance of integrating AI into organizational frameworks to enhance resilience and adaptability in the face of
