

2019-20

Name of the Department/Society: Green Warriors Club

Name of the event 1: Plantation Drive

Date of the event: 29 September 2019

On 29th September 2019, Green Warriors Club organized its first plantation drive of 2019 in collaboration with "Being Green", a registered NGO since 2014. It works for environment conservation and community development. The goal of the plantation was to plant 780 saplings predominantly Ficus panda and Saraca asoka. The plantation site was away from the college campus and a lot of members participated in it. At the plantation site, volunteers also received information about the importance of indigenous species of plants as well as the critical role of a balanced ecosystem. Volunteers then carefully planted saplings and watered them, thus contributing towards a healthier and balanced environment.
