Description of the event

To foster learning, collaboration, and skill development, 180 DC Hansraj organized the "Hit The Ground Running" program, a series of bootcamp sessions for the junior consultants of the 2023-24 tenure. These sessions aimed to familiarize the team with the nuances of consulting and finance, covering topics such as research fundamentals, Microsoft Excel, Case Competitions, PowerPoint presentations, and securing internships.

The bootcamp sessions culminated in an in-house case competition where junior consultants tackled a case study on the emerging sustainable cloth diaper market in India. Each team was guided by a Senior Consultant acting as their mentor. This competition provided participants with a platform to showcase their analytical skills while collaborating and learning from their peers, and it also served as an excellent opportunity for team bonding.
