**NAAC ACCREDITED 'A++ GRADE COLLEGE**

**2023-2024**

**Name of the Event:** Bird feeder making workshop

**Organised by:** Haritima : The Environmental Awareness Society

**Date of the Event:** 19th March, 2023

**Duration/Event Timing:** 2pm onwards

**Venue of the Event:** C-Block, Hansraj College

**Name of Convener:** Dr. Justin Mathew

### **Event Description (About 250 Words)**

On March 19, 2024, *Haritima – The Environmental Awareness Society of Hansraj College* hosted an engaging bird feeder making workshop to celebrate *World Sparrow Day*. Open to all students of Hansraj College, the workshop aimed to raise awareness about the declining sparrow population and encourage eco-friendly practices by creating sustainable bird feeders from recycled materials.

### NAAC ACCREDITED 'A++' GRADE COLLEGE

The event kicked off at 2:00 pm in the C Block (Dhriti Kand), with an introduction from Haritima members about the significance of World Sparrow Day and the importance of supporting local bird populations. Emphasizing the ecological benefits of sparrows and their role in maintaining biodiversity, the team shared insights into the challenges faced by these birds due to urbanization and habitat loss.

Participants, who were encouraged to bring two used plastic bottles, were guided through a hands-on session on crafting bird feeders. Using simple materials like plastic bottles, strings, and twigs, the students created feeders that could easily be hung in gardens or balconies to attract sparrows and other small birds. The activity allowed participants to not only practice creative recycling but also develop an understanding of how small actions can positively impact the environment.

The workshop concluded with a brief discussion on ways to support urban bird populations year-round. The feedback from students was enthusiastic, with many expressing interest in placing their new feeders around the college and at home. Haritima's bird feeder workshop was a meaningful step towards environmental awareness and sustainability, inspiring students to take active roles in conserving nature and supporting local wildlife.
