

## 2021-2022

**Name of the Department/Society:** Green Warriors Club

**Name of the Event:** GWC Anniversary Celebration

**Date of the Event:** 6 September 2021

On 6th September, we are elated to celebrate the 2nd anniversary of GWC. As another year comes to an end, there is a new beginning of joy and a new chance to fulfill the mission of finding the solutions for the Environmental and Ecological Conservation with 'Greener the Present, Better the Future' motto. This momentous occasion is the time to celebrate, reflect and give thanks. Beginning from the recruitment of the members to becoming a family by sharing common aims and objectives it carried a long way. Together we have worked on several projects such as:

- We organised a contest "yoga at home" on International Yoga Day.
- We continued with Sankalp Parva: a tree planting initiative by the Minister of Culture, Govt of India in July.
- We hosted 'Trashion' by using outfits and accessories that are made up of non-recyclable items.
- We organized a two-day festival, "Ecology and Sustainable Lifestyle" with the renowned societies of our college Vision, Haritima and with Hopping Sparrows Film Festival (HSFF) and TERRA.
- We celebrated Wildlife week and had a talk with Mr Naveen Kumar IFS on wildlife of Andaman and Nicobar Islands.
- We organised Webinars on different occasions first with Ms Divya Nawale and Mr Samuel Augustin from Chintan NGO, one with John Paul Jose, a youth climate activist, one with Swami Prem Parivartan (aka Peepal Baba) founder of Give me Trees foundation.
- We planned our virtual Annual Fest - MIDORI'21
- We launched "Plant Care Series" and "Trash to Treasure Series".
- Our social media handles nature updates, memes and videos and collaborated with different societies.

Thus, we wish GWC flourishes in the same way as it began its journey 2 years ago from a seed to a small sapling into a fruit giving tree of success.
