Description of the event

A disease-free population is the first step towards developing a nation. With this thought, NSS Hansraj conducted an awareness session on 15th October 2022 at Yamuna Khadar about Dengue Risk and its Prevention.

The session, held under the Clean India Campaign started with an introduction to health and dengue as a disease. Various subtopics like transmission, risks and solutions were also covered in detail. To make sure that each participant gets the most out of this session, our volunteers gave examples and references from real life to make the information more practically relevant. Additionally, community-level and personal-level precautionary measures were also taught to the folks at Yamuna Khadar.

The session concluded with the use of slogans to make the people aware of the disease and help them prevent the contraction, thereby ending it on a positive note.
