## Description of the event

On the International Day for the Preservation of the Ozone Layer, we at NSS Hansraj conducted an awareness session on the significance and preservation of the ozone layer with Padhaku students on 16th September 2022.

Examples from daily life were given by the volunteers to explain the importance and dire situation of depletion of the ozone layer. They were also told what they can do as an individual to protect it. 16 volunteers participated in this session.

Finally, our volunteers bound up the session on a positive note with an interactive Q&A to solve all the queries related to the session.
