Name of the Event 53: Information Building Initiative

Date of the Event: 30 January 2021

"Learning gives creativity, creativity leads to thinking, thinking provides knowledge, and knowledge makes you great".

- Dr.A.P.J.Abdul Kalam

In Padhaku, we not only teach children academics but also focus on social and moral values. In order to serve their country and society ahead, first they need to understand them well and know what's going on around them and what needs to be improved. For the same, we have come up with a few initiatives and activities to broaden their base of general knowledge which are listed below:

1. Information Building Initiative(IBM)- In this, the volunteers prepare around 10 points on some important topics(like Constitution, Olympics, Farm laws, etc) and then prepare 5-10 multiple choice questions based on the same.
2. Lectures/videos for students on current affairs and general knowledge topics; introduction to our country, heritage and culture etc.
3. Quizzes and Crossword Puzzles on important topics related to our country/GK.

Padhaku kids are showing their keen interest in all these activities along with their regular online classes. We also highlight the names of top scorers in quizzes, which encourages other students to participate, involve and respond well.

We at NSS Padhaku hope that these activities would help students in expanding their general knowledge about their society, history, political life and country. We wish for their glorious future and strive hard for the same.
