

2019-20

Name of the Department/Society: Green Warriors Club

Name of the Event 6: Waste Collection Drive

Date of the Event: 27 January 2020

From 27th - 29th of January 2020, Green Warriors Club organized a 'Waste collection drive' in collaboration with the 'Give Me Trees' foundation. The venue for this was the staff canteen area. The purpose was to reduce the use of disposable plastics.

To prevent environment from further destruction, we have come up with a solution of making an eco brick, a simple and apt solution for managing plastic waste. The collected items include bottles, used pens, wrappers, straws, polybags, etc. These items are then stuffed inside plastic bottles which are then used for construction.

We received an overwhelming response from our members. Everyone wanted to contribute towards saving the environment. Our target was to make the Earth, plastic -free with these small initiatives.
