2021-22

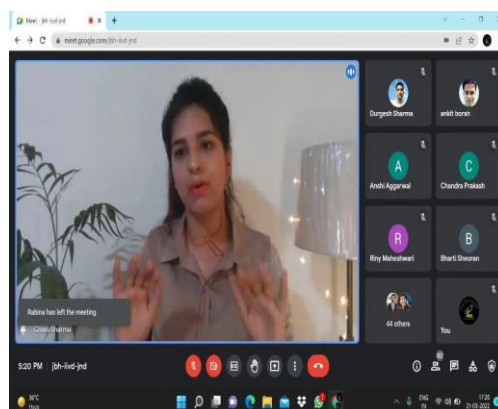

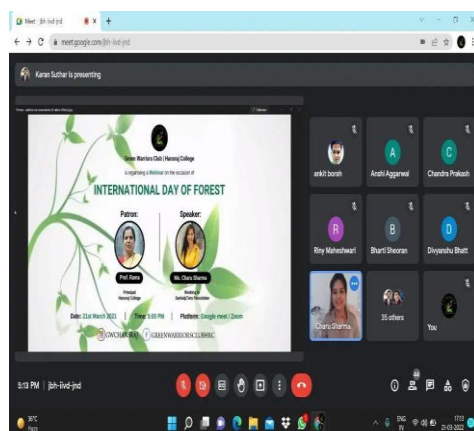

Name of Society : Green Warriors Club
Name of Event : Webinar on international day of forest
Date of Event : 21 March 2022

We successfully organized an online webinar on the occasion of International Day of Forest on 21st of March 2022. The guest speaker for the session was Mrs. Charu Sharma, a storyteller at Sankalp Taru, an IT-enabled NGO aimed at restoring the Green Lungs of India- the Forests. She has worked as a biologist and an assistant professor and has authored many scientific papers.

The webinar was anchored by Ankit and Divyanshu. Shortly, after the speaker's introduction, the speaker highlighted the significance of biodiversity and forest conservation. The webinar differed from conventional ones in the way that the art of storytelling was creatively used to enlighten the audience about the importance of conserving forest ecosystems.

The speaker recited two stories: the ancient cities of Uruk and Anuradhapura. Using the stories, the speaker explained the importance of trees for economic prosperity as well as individual health. She also portrayed light on the working and role of Sankalp Taru towards environmental protection which enables you to plant and monitor an actual tree.

After this, a Q&A session was conducted for the audience for their queries, followed by the vote of thanks. Thus, the webinar ended on a note of being passionate and conscious about mother nature.
