Name of the Department/Society: **Green Warriors Club**

Name of the Event 12: Nature Walk/ Plantation Drive

A. Number of students participated in the program: 50
B. Collaborating Agency: Give me trees Foundation
C. Geo tagged images:- here are the images of the event

Green   Warriors   Club   envisions   to   establish   a   green   society!

In the recent plantation drive, in collaboration with ' GIVE ME TREES TRUST' at Uday Upvan 2, Noida, we had an   amazing   experience   and   loads   of   fun   in   lap   of   nature.

GMT team consists of volunteers from all walks of life. Over 7,000 volunteers and interns across the country help conserve the tree saplings that are planted in various public and private places such as gardens, roadsides, highways, expressways, road medians, schools, colleges, university areas, military stations, mountains and river banks. They had planted 27 species of native trees in their potential forest. Mr. Shahid, coordinator, guided us since the beginning and imparted knowledge about various plant species. Under the

shade of trees, in nature's walk and talk, he reconteured different methods of plantation and associations among plants.
Green Warriors planted various native species- Ficus religiosa(Peepal), Cassia fistula(Amaltas), White Albizzia, Phyllanthus sp.(Amla), Dalbergia sissoo(Sheesham), Ficus virens(Pilkham), Cordia dichotoma(Lasoda)etc.

Eventually, we interacted with with Peepal Baba, founder of NGO, a nature lover who has planted around 10M plants and has been working for Give Me Trees for 40 years.He was honoured with Best Environmentalist Award in 2003 for his emmense contribution in promoting Green Earth. With his gems of knowledge, he inclined the members to build up career in field, plant, agricultural and related sciences. After a fruitful discussion with us, Peepal baba marked the end of this successful event with his words of appreciation for our team!❀
