The inaugural lecture was hosted on October 13, 2023, on the topic 'Evolution of Genetics'. The event commenced with the introduction of the new Botanique team and the announcement of the society's objectives, also marking the launch of its YouTube channel. Professor Shailendra Goel, a renowned Genetics expert with 65 publications, delivered an insightful lecture on genetic evolution. He highlighted the role of digitization and computerization in accelerating genetic progress, particularly in crop genetics and population growth. Key topics included crop genetics, breeding, and mapping with markers, emphasising on understanding variation due to regional traits and cultural practices. The lecture ended with an interactive question-session, enriching students' comprehension. Dr. Savita Singh, the convenor of Botanique, concluded the event with encouraging remarks.
