Considering the importance of technical knowledge and skills required in the youth, we at NSS Hansraj orchestrated a session on Computer Literacy, which also marks the resumption of our esteemed Computer Literacy Program from 3rd April 2022.

The session had begun with enlightening the 15-20 Yamuna Khadar kids with theoretical knowledge about computers, followed by their application and prospects of learning. The students were also taught the basic operation of computers like switching them on-off and creating new folders as well as how to work on softwares like PowerPoint and Word.

Overall, the session turned out to be highly insightful and interactive for the students!
