### Description of the event :

We are thrilled to report the successful execution of the 'Razor-preneur Challenge', wherein we welcomed our first speaker of this tenure Mr. Shantanu Deshpande, a pioneering business visionary and Founder & CEO of Bombay Shaving Company.

Mr. Shantanu and his team at Bombay Shaving Company changed the way men groom themselves with new and innovative products. His vision not only transformed the men's

grooming industry but also nurtured a network of like-minded individuals celebrating both self-care and ambition. He created the term "Razor-preneur", India's biggest entrepreneurship challenge, which has inspired a thriving community and helped people hone their selling abilities through incredible mentorship.

The Razor-preneur Challenge was conducted in The Innovation Plaza, Hansraj College, University of Delhi at 12:40 pm. Approximately 100 students participated in this workshop. The workshop was organized with the primary objective of offering students an open platform to raise questions and engage in meaningful dialogue with the speaker. The emphasis was on free exchange, curiosity, and gaining deeper insights into the world of entrepreneurship.

The workshop began with a brief introduction of the speaker. Before diving into the Q&A, the speaker shared his entrepreneurial journey, setting the context for the forthcoming discussions. The Q&A was very insightful and was the main highlight of the event. The speaker addressed each query with detailed explanations.

At the close of the session, the Razor-preneur Challenge was set in motion. Interested students were given a task to sell as many razors as they could in and around the campus for 45 minutes. The students were very energetic and participated in the challenge with great enthusiasm. The student selling the most razors was awarded a paid internship at The Bombay Shaving Company for 2 months under the expert guidance of Mr. Shantanu Deshpande.

In the meantime, we recorded a subsequent episode of the 'StartAb Voice' Podcast that went live on our social media platform with Mr. Deshpande who shared in detail about how he manages his time and balances his personal & professional life.

In conclusion, the workshop successfully achieved its aim of fostering open dialogue between students and an industry expert. It provided an enriching learning experience, bridging the gap between theoretical knowledge and practical insights.
