Overview of the Event:

On August 22, 2024, the Department of Physics & Electronics at Hansraj College, University of Delhi, in collaboration with the Institution's Innovation Council, organized a speaker session titled "Converting Innovation into Start-Up." The session aimed to inspire and guide students and participants on how to transform innovative ideas into successful start-ups. The event took place in the Old Seminar Room, C Block, at Hansraj College, and began at 12:30 PM. Participants were awarded E-Certificates for their involvement.

Key Highlights:

The keynote speaker for the session was Dr. Oum Prakash Sharma, the Director of the National Centre of Innovation in Distance Education at Indira Gandhi National Open University (IGNOU), New Delhi. Dr. Sharma shared his extensive experience and knowledge on the process of transforming innovative ideas into viable start-ups, offering valuable insights and practical advice to the participants.

Interactive Engagements: Participants engaged in interactive sessions where they shared their experiences and ideas. The discussions also focused on the challenges faced during the implementation process and potential solutions to overcome obstacles.

Conclusion:

The session provided an excellent platform for students and participants to gain insights into the journey of transforming innovative ideas into start-ups. Dr. Sharma's expertise was instrumental in helping the attendees understand the challenges and opportunities in the entrepreneurial landscape. The event successfully promoted an entrepreneurial mindset among participants, encouraging them to pursue their innovative ideas with confidence.

This report underscores the importance of such events in bridging the gap between academic innovation and practical entrepreneurship, ultimately contributing to the development of future innovators and entrepreneurs.
