Air pollution has become a threat to our society. It is claiming more lives than war. World Environment Day is celebrated across the world on 5th June every year. The theme for 2024, "Beat the Air Pollution through selected plantation," emphasizes the importance of plants in our life, combating desertification. Moreover, projections suggest that by 2050, over three-quarters of the world's population will be affected by drought. It is our duty

as the current generation to protect the environment and restore land and nature to their natural state. To get an exposure World's Environment Day was organized by institution's innovation council, Hansraj College, University of Delhi, in collaboration with Smiling tree Foundation on 5th June 2024. The plantation drive started with by plantation Prof. Dr. Rama, Principle Hansraj college, Followed by Dr. Ambika Convener, IIC, Hansraj College, DU. and other faculty and staff members and students. Dr. Mukesh Kwatra, Founder of smiling tree foundation, donated nearly 30 Arica Palm and other plants which have the property to absorb maximum amount of harmful pollutants and can help mitigating air pollution. Students from schools also participated in the plantation drive. The workshop came to an end after the valedictory remarks by Dr. Shailu Singh, IIC-HRC, DU and garden committee convener. She extended the vote of thanks to organizing team and all the participants of the workshop.
