Mr. Suyash Kumar, the skilled coordinator of IDEATHON 2023, played a pivotal role in ensuring the smooth execution of the event. His meticulous planning and organizational expertise were evident throughout the event. He welcomed participants, ensured that the schedule was followed, and facilitated the interactions between teams.

The event featured a panel of esteemed judges, comprising experts from various industries related to the themes of the competition. There were 3 judges

1. Dr. Vidhi Kanduja, Assistant Professor, Deptt. Of Computer science, Hansraj College
2. Ms. Alka Khurana, Assistant Professor, Deptt. Of Computer science, Hansraj College
3. Mr. Ravikant Prasad, Assistant Professor, Deptt. Of Physics, Hansraj College

The judges brought a wealth of experience and insights to the event, evaluating the ideas and solutions presented by the participants. We had conducted an internal presentation competition and selected the best 4 teams for which we had assigned 20 minutes for each team to present their idea.

The highlight of the event was the idea presentations, during which each team presented their solutions to the esteemed panel of judges. The presentations showcased a diverse array of creative concepts, demonstrating the participants' dedication and hard work.

After careful deliberation, the judges selected the winners based on various criteria, including innovation, feasibility, and impact. The top teams were recognized and awarded for their outstanding ideas. The awards were presented by Dr. Archana Singh and Mr. Suyash Kumar, who applauded the participants' efforts.

The best 4 teams selected for IDEATHON-2023 are listed below:-

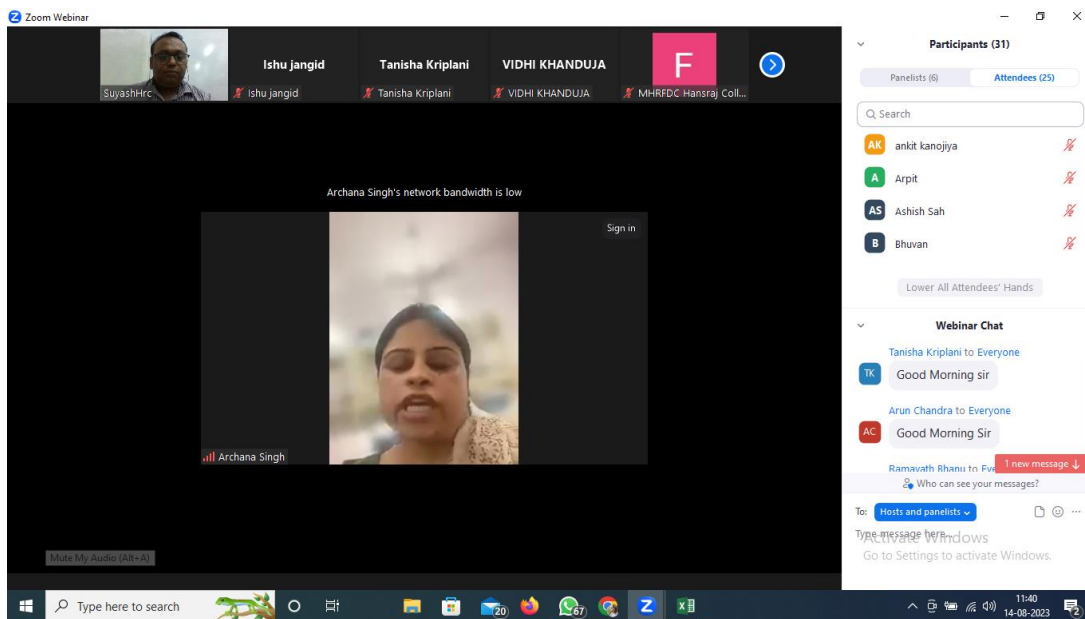

1. Idea Name:-Wander Wheels

2. Idea Name- Arogyam ann and
Idea Name- Savii
3. Idea Name- Securing Medical Records Through Blockchain

We have registered the winners on Yukti Portal for further process.

IDEATHON 2023 was a resounding success, fostering an environment of innovation, collaboration, and creativity. The event provided a platform for participants to showcase their problem-solving skills and connect with like-minded individuals from various fields. The coordination by Mr. Suyash Kumar and the presence of Dr. Archana Singh added a significant touch of professionalism and motivation to the event. As the curtains closed on IDEATHON 2023, participants left with enriched experiences, new connections, and a renewed enthusiasm for driving positive change through innovation.

Problem Statement

The slide displays three news articles:

- Bangalore:** Indra Gandhi hospital loses medical records in break-in. **Quint's why:** In M Chaitanya Sreeni - Updated Aug 8, 2023.
- Michigan:** Registered Nurse Charged with Falsifying Medical Records. **Media Contact:** Danny Wimmer, Press Secretary, agnew@mh.michigan.gov.
- Snooping in Medical Records by Hospital Security Guards Leads to \$240,000 HIPAA Settlement:** Indiana Valley Memorial Hospital in Washington settles breach that affected 419 patients. Today, the U.S. Department of Health and Human Services' Office for Civil Rights (OCR) announced a settlement with Indiana Memorial Hospital, a not-for-profit co... hospital located in Indiana, Washington, resulting an investigation under the health Information Privacy and Accountability Act of 1996 (HIPAA). OCR investigated allegations that several security guards from Indiana Valley Memorial Hospital impermissibly accessed the medical records of 419 individuals, which is a federal law that protects the privacy and security of protected health information. The HIPAA Privacy, Security, and Breach Notification Rules apply.

ABOUT US

The slide describes the 'Wanderwheels' project:

- We created a website named as "Wanderwheels" which will keep a regular track over the car rented by people.
- It will keep the record of the car through its unique id and model. It will provide the user with the information about the car rental system which will include the information of add car, remove car, rent car and cancel reservation.
- It will also store the previous data which cannot be changed due to blockchain security feature.
