Workshop Coordinators: Dr. Indrani, Dr Sonu

Student Coordinators:

- 1) Lipsa Sahu, B. Sc. Hons (Chemistry), III<sup>rd</sup> Year
- 2) Sukhmanpreet Kaur, B. Sc. Hons (Chemistry), III<sup>rd</sup> Year
- 3) Jatin Prajapati, B. Sc. Hons (Chemistry), III<sup>rd</sup> Year
- 4) Jaiveer Malik, B. Sc. Hons (Chemistry), II<sup>nd</sup> Year
- 5) Garv Jain, B. Sc. Hons (Chemistry), II<sup>nd</sup> Year
- 6) Ekta Pandey, B. Sc. Hons (Chemistry), II<sup>nd</sup> Year
- 7) Prince Malik, B. Sc. Hons (Chemistry), II<sup>nd</sup> Year

Total number of Student participants-107

## Report:

A workshop as well as Hands-on Training for making Herbal soaps, herbal colors, nail paint remover and sanitizer was organised by Institution's Innovation Council, Hansraj college at Nav Bharti Public School, Deepali, Pitampura Delhi-110034 under the umbrella of 'Innovation & Entrepreneurship Outreach Program'. The main objective of the workshop was to explore and review the Chemistry behind these products and to understand the need of "herbal" products.

The workshop started with a keynote speech by Prof. Vijay Rani Rajpal on the importance of natural products and how this can lead to start of a small-scale start-up. She also discussed the value of upholding safety, reducing toxicity linked to the usage of items made with synthetic chemicals, and the role that herbal products can play in safety of our environment as well. Also, knowledge was imparted to the students on how one can start their own entrepreneurship journey from the college itself. After that four teams of at least two students demonstrated one by one the procedures for making soaps, colors, sanitizers and at last nail polish remover. In between these sessions there were interactions between students and other faculty members (Dr. Indrani and Dr. Sonu) of the team IIC.

The attendees of the program gained knowledge about the advantages of utilizing herbal and natural products, and the event was a great success. The children and teachers had a chance to learn about how these items are made. The students participated with enthusiasm in the practical demonstration and hands-on demonstration. The teachers, students, and administration of the school all expressed their satisfaction with the workshop and the IIC team's efforts in organizing it.
